Portfolio

OBJECTIVE

Upcoming software engineer looking for a job with a teamwork environment where user experience and tailoring to the needs of clients is the main focus.

EDUCATION

Base Camp Coding Academy Graduate Institute (September 2022 - September 2023)

The Base Camp Coding Academy Graduate Institute is a non-profit 501(c)(3) organization that was founded in 2016 with the intention to create a pipeline for under-advantaged individuals in Mississippi to access careers in software development. During this year-long program, students work with real world technologies to learn the fundamentals of coding, app development, project management, and the life leadership skills they will need to be successful in their career and competitive in the software development job market upon graduation. The curriculum is fast paced, focused, and aligned to the needs of employers in the modern technology environment. Currently, our technical curriculum covers Python, HTML, CSS, JavaScript, Django, Java, and Spring.

- Leadership Teams: Documentation

Oxford High School

- Class of 2014
